Data Synchronization Implementation Guide

2 STEPS TO BEGIN SYNCING YOUR DATA

Implementation Steps

1. Complete the **Trading Partner Form** on the Network Distribution landing page at <https://www.1worldsync.com/community/find-a-trading-partner/network-services/>.
 - a. Network Distribution will create a subscription for your information provider GLN based on what you provide in the Trading Partner Form.
2. Please refer to Section 3 of this document for the Network Distribution list of attribute requirements.
3. Have your accurate item data loaded into your GDSN certified data pool and ensure it is ready for publication in Production. Publish all item levels in your packaging configuration (hierarchy) Each, Inner Pack, Case, and Pallet.
 - a. Contact your data pool for any education you might require completing this step.

Publication Steps

4. All Suppliers should publish **full catalog for all categories** to Network Distribution GLN **0816006000001** in Production.
5. For the first publication Suppliers are to publish all products as "Initial Load".

CIC Messages:

RECEIVED: Product has been received and has passed Network Distribution GDSN validations. This response will typically be sent within a few hours after receiving the publication.
