

August 27, 2020

Dear Valued Supplier,

We are excited to announce that MealSuite has partnered with 1WorldSync to implement and leverage the Global Data Synchronization Network (GDSN) for the exchange of product information. As you may know, GDSN is the network created by supply chain members in conjunction with GS1 Standards to reduce the cost and speed the sharing of product information across multiple industries.

About Us...

MealSuite is a fully integrated, end to end, dietary, food production, inventory, kitchen management and point of sale solution on a mission to revolutionize the continuum of care across long-term care, acute care and senior living communities through foodservice technology.

Since 1989, our industry leading innovations have empowered foodservice operators across North America to streamline administrative labor, cut down on food waste, reduce risk and meet regulatory requirements, so they can spend more time focusing on what matters most: improving the quality of life for their patients and residents.

Why Participate?

We welcome any current or prospective supplier to join us in helping make foodservice safer and more personalized for care community patients and residents. We are excited to partner with you through the GDSN and leverage your item data to deliver accurate, up to date operational attributes and key nutrition content to our customers who will be sourcing your products.

How to Participate:

To participate in this important initiative, we are asking suppliers to take the following steps:

1. Fill out the MealSuite [Trading Partner Form](#)
2. Review our [Implementation Guide](#), including the attribute requirements
3. Publish your GDSN product content to the **MealSuite GLN: 0860004496595**

If you are already a valued partner with MealSuite/Synergy via GS1 Canada, we would appreciate your help with filling out the participant forms above and allowing us to subscribe to your international

and/or global product catalogue. If you are not the right contact for this, please help in forwarding this message to your US or global counterpart.

If you have additional questions please contact us directly at +1 800.383.1999, [MealSuite.com/contact-us](https://www.MealSuite.com/contact-us) or contact 1WorldSync at +1 866.280.4013, businessdevelopment@1worldsync.com.

Thank you in advance for supporting this very important initiative. We look forward to the mutual benefits of our GDSN partnership!

Sincerely,

www.MealSuite.com

Sean Rowe
President & CEO
