Steps for Synchronizing GDSN Data with Dalco Enterprises Inc

1. Review the Dalco Implementation Guide for attribute requirements
   - click here
2. Verify your data and load items into your data pool. Contact your data pool for any education needed to complete this step
3. Complete the Trading Partner Form – click here
4. Dalco will create a subscription for your information provider GLN/Target Market U.S.
5. Publish to Dalco GLN of **1100001019519**; Click here for other Network Services distributors GLNs.
6. Dalco will send the CIC messages as follows:
   - A CIC with the state of "ACCEPT" will automatically be sent when publication is received if there are no issues with the data.
   - A CIC with the state of "REVIEW" will be sent if there are missing attributes or data discrepancies.
   - A CIC with the state of "SYNCHRONIZED" will be sent after Dalco has updated their system and the item information has been posted to the website.
   - A CIC with the state of "REJECT" will be sent if the published item is in a category not supported by Dalco.
7. Suppliers should continue to send changes and correction for the items synchronized with Dalco
