1 PRIMEROEDGE SYNCHRONIZATION INFORMATION

1.1 Primary Data Synchronization Contact

Primary Data Synchronization Contact

Name: Data Sync Team

Phone: 281-453-8614

Email: tradingpartner@primeroedge.com

1.2 PrimoEdge GLN - Publish To

Production: 0866078000409

2 STEPS TO BEGIN SYNCING YOUR DATA WITH PRIMEROEDGE

2.1 Implementation Steps:

1. Review the attribute requirements for GDSN in section 3 of this document. For the complete listing of all GDSN and PrimoEdge mandatory attributes, refer to the PrimoEdge Attribute Guide [here](#).
2. Complete the PrimoEdge Trading Partner Form found on the PrimoEdge landing page [here](#). This will trigger the data sync process.
3. Have your complete and accurate item data loaded into your GDSN certified data pool and ensure it is ready for publication in Production.
4. PrimoEdge will create a subscription based on Manufacturer's GLN

2.2 Publication Steps

1. PrimoEdge requires their suppliers to publish ALL items to PrimoEdge GLN 0866078000409.

Items should include:

- a. Items that are suitable for school kids in K-12 and originated in the United States
2. Publish all items with a Publication Type of "New"
3. Investigate and respond to "REVIEW" CIC responses. PrimoEdge will provide feedback on publications using the following method

2.3 Catalog Item Confirmations (CIC's)

PrimerEdge will automatically return a CIC message to the supplier. The CIC sent will be based upon the following:

CIC Messages:

RECEIVED: Items has been received, but PrimerEdge has NOT made any GDSN validations. This response will typically be sent once publication for a specific document has been completed

REVIEW: Item does not pass PrimerEdge GDSN validations or item has failed audit process and therefore has data discrepancies to be reviewed and addressed. PrimerEdge will provide a reason as to why specific item hierarchy is in this state.

This response will typically be sent after validations and audits have been successfully completed, which typically can take up to 24 hours.

SYNCHRONIZED: Item has fully accepted and loaded into PrimerEdge's internal system and will be updated as revisions occur. This response will be sent after all validations and audits have been successfully completed.

REJECTED: PrimerEdge no longer wants to sync this item to their internal system or item has been de-listed by PrimerEdge.

3 ATTRIBUTE REQUIREMENTS

The attribute guide can be found on the PrimeroEdge [Landing Page](#):

Please review the PrimeroEdge Attribute Guide for:

- I. Mandatory attributes by GDSN and 1WorldSync to ensure quality and completeness
- II. PrimeroEdge specific conditional and optional attributes
